Letter from the Admiral

To the Blue-tagger Class of 2019,

Congratulations on a job very well done!

You can and should be very proud of what you have accomplished - as individuals and as shipmates. You have taken on the challenges associated with this path less traveled known as Massachusetts Maritime Academy and you have met or exceeded expectations all along the way. Five years of academic credit in a four year time-frame (for most of you!), six months of real world experience, hundreds of hours of service to others, and, perhaps the biggest difference maker, your commitment to being a member of the Regiment of Cadets.... that's pretty amazing! The commitment that it takes to accomplish what you have accomplished cannot be overstated. What makes you all even more remarkable is what you have done for your alma mater along the way - especially as you took over the leadership of this world-renowned academy. You have led by example, led with empathy and led with distinction the largest regiment in our 128 year history. And for that, I am very grateful.

I also want to let you know how much I appreciate your welcoming me to join you for the ride. You may not know this, but as you began your time at the Academy in the summer of 2015, I began my tenure as President. And from joining your morning PT sessions at 0500 during Orientation that August to being part of your Ring Dance ceremony and Change of Command in 2018 right through your Commencement in 2019, you have given me the opportunity to be part of something very special, the Class of 2019! And for that, I can not thank you enough.

Your growth - as cadets, leaders, as young men and women ready to contribute to the world - has been incredible to witness and is something that I am so very, very proud of.

I wish you each the best as you move forward in life and I welcome you back to join me at Homecoming at your 5-year reunion or just for a Chicken Patty Tuesday, if you are in the area.

Fairs wind, following seas and all my very best,

Class of 2019,

Congratulations on completing your final semester at Massachusetts Maritime Academy. The last four years have been far from easy. Each day, we were faced with new arduous tasks and challenges that tested our ability to overcome and persevere. Now, as we enter the next chapter of our lives, we will be compensated for our constant effort and dedication. The road less traveled is often difficult, but its destination is always the most favorable.

As you begin your new journey, never forget where you came from. We are all products of our environment: graduates of the largest and most prestigious maritime college in the country. Wear this title with pride for the world to see, you've earned it. Never forget the incredible friends and memories you've made over the past four years. It may not have been the typical college experience, but the times we shared and the comradery we developed is unmatched and will never be duplicated.

It has been an absolute pleasure serving as your Regimental Commander. I am utterly confident in the success of this year's graduates and wish you all the best of luck in your future endeavors. As we leave Mass Maritime in our rearview, we leave behind an undeniable legacy as one of the most outstanding and prosperous classes to have ever entered the Academy.

Respectfully,
